COMMERCIAL CLUB PETITIONS PUBLIC SERVICE COMMIS-SION FOR RELIEF.

NO FAST FLYERS HALT THERE

Has Been Annulled-Business Enough to Make All Trains Stop at Community.

Jefferson City. A complaint on behalf of Gallatin, county seat of Daviess county, was filed with the public service commission by Mayor Penn Lane and the Gallatin Commercial Club against the Rock Island Railroad. An order is asked to require the Rock Island to stop all of its fast trains there for passengers.

There has been complaint at Gallatin for several years because none of the fast Rock Island trains made the stop. The matter was partially adjusted when the road agreed to one fast train each way daily, but now that order has been annulled. The complianants insist that Gallatin furnishes the road with sufficient business to justify the stopping of all trains.

Fights Cash Down Ballot Law

George W. Anamosa of Sedalia has made a direct attack upon that feature of the state primary law which requires candidates to make payment of certain sums of money to their party committees before their names can be printed upon the primary ballots.

He is a Republican candidate for judge of the Kansas City court of appeals and has refused to deposit with his party committee \$100 the amount specified for this office, and his name has not been certified out as having qualified.

He filed mandamus proceedings in the supreme court to compel the secretary of state to place his name on the official ballot, and in doing so has made a long attack on this feature of the primary law, which he says not only violates the state conin seeking to place a money qualifica-

This provision, he says, denies the imposes a new qualification upon candidates abhorrent to the organic laws of the state and general government.

The court has not taken any action in the premises

Working on Compensation Law

Under the direction of Mr. Alroy S. Phillips, rapid and substantial progress is being made with the organization of the campaign for a good workmen's compensation law for Missouri. This is the only one of the progressive states which lacks this kind of a law and all interests concerned maintain that it is time for Missouri

The organization of the general executive committee will be completed probably this week, when details and plans for the campaign will be elaborated. Though the state assembly will not meet until January, the proposition will be submitted meanwhile to the people of the state in a clear and frank manner, and a bill will be introduced as soon as the legislature

All interests are co-operating harmonlously, and it seems certain the cause will make good headway. The insurance agencies have appointed representatives in the committee, but they will act almost exclusively in an advisory manner.

Take Bar Examination.

Preparations are being made by J. D Allen, clerk of the supreme court, for the largest cliass of law students ever registered for the semi-annual state bar examination, Monday, June 19 It is expected that more than 200 will apply for licenses. Among them will be several women.

The June examination includes the graduates of the law departments of the state university and the law colleges of St. Louis and Kansas City.

Ony One Man for Treasurer.

One of the unexpected developments in the make-up of the Democratic list of state candidates is the fact that there is but one man who has declared for treasurer. George Middlekamp, secretary of the Democratic state committee will have opposition for that nomination. John C. Russell, assistant state treasurer at the present time, was expected to be a candidate for the place, but concluded at the last moment

not to file. Franchise Houring June 12.
